ABOUT ME

Industrial & Production Engineering student focused on operational efficiency, data visualization, and process improvement. Experienced in applying engineering principles and analytical tools across academic and industrial projects. Eager to contribute analytical thinking and a continuous improvement mindset in dynamic manufacturing, supply chain, or logistics environments.

EDUCATION

B.Sc. in Industrial and Production Engineering (IPE) **Jan 2023 - Mar 2027**
Rajshahi University of Engineering & Technology, Rajshahi
CGPA: 3.75

Higher Secondary School Certificate (HSC) **Passing Year : 2021**
Adamjee Cantonment College, Dhaka.
Group: Science. GPA: 5.00

Secondary School Certificate (SSC) **Passing Year : 2019**
Parashuram Government Model Pilot High School, Feni.
Group: Science. GPA: 5.00

WORK EXPERIENCE

Industrial Attachment, Walton Hi-Tech Industries PLC **Feb 2026 - Mar 2026**

- Worked under the Process Development section of the Fastener Department
- Observed and analyzed complete fastener manufacturing workflow from raw material to final packaging.
- Gained exposure to wire drawing, annealing, bolt forming, heat treatment, electroplating, and packaging processes.
- Conducted time studies in the electroplating line to analyze operational flow and identify process bottlenecks.

VOLUNTEER & LEADERSHIP EXPERIENCE

Vice President, IEOM RUET Student Chapter **Jun 2026 - Dec 2026**

- Contributed to chapter development and professional engagement initiatives.
- Organized technical sessions and events featuring industry experts.

Secretary Publication, RUET IPE Club **Feb 2023 - Oct 2026**

- Led publication, technical design, promotions, and outreach for internal and national events.
- Coordinated cross-functional teams to execute competitions and workshops, driving student engagement.

CERTIFICATIONS

- Diploma in Operations Management (Ops) — Alison (Oct 2026)
- Mastering Data Analysis Using Microsoft Excel — Alison (Oct 2026)
- Mastering the Basics of Microsoft Excel — Alison (Oct 2026)
- Six Sigma Yellow Belt — 6sigmastudy (Jul 2024)
- Introduction to Python — DataCamp (Sep 2024)

ACHIEVEMENTS

- Won a 90% scholarship for the Affiliate of Chartered Supply Chain Professional (ACSCP) Program through the BIHRM Supply Chain Research Challenge 5.0.
- Among the top 10 teams at the Supply Chain Research Challenge 5.0 by BIHRM Supply Chain.
- Won a 60% scholarship for the ISCEA Certified Supply Chain Analyst (CSCA) Course through the 2026 ISCEA Prize Global Supply Chain Case Competition.

PROJECTS

- Voice-Controlled Lamp: Developed a functional prototype using product design methodologies, QFD/Kano analysis, CAD, material selection, and manufacturing process planning.
- Solar Tracking & Automatic Cooling System: Developed an Arduino-based prototype integrating LDR sensors, motor control, and temperature-based cooling.
- Completed data analytics and visualization projects using Python, Microsoft Excel, Power BI, and Tableau. Applied exploratory data analysis, data cleaning, KPI analysis, and interactive dashboards to explore sales performance, business trends, and other structured datasets.

SKILLS

Supply Chain & Procurement: Supply Chain Management, Procurement & Sourcing, Inventory Management, Demand Forecasting, Logistics & Distribution, Supplier Evaluation, Cost Analysis
Production & Operations: Production Planning & Control, Lean Manufacturing, Line Balancing, Work Study (Time & Motion Study), Facility Layout Planning, Capacity Planning, Process Improvement, 5S
Quality (QA/QC): Quality Control, Statistical Process Control (SPC), Total Quality Management (TQM), Root Cause Analysis, Six Sigma, Quality Inspection & Auditing
Technical: Microsoft Excel, PowerPoint, Word, Python, C, Tableau, Power BI
Design Tools: Adobe Illustrator, Adobe Photoshop, Canva
Soft Skills: Teamwork & Leadership, Problem Solving, Communication, Technical Presentation
Languages: Bangla (Native), English (Professional Working Proficiency)
